

PO Movement

The PO Movement extension allows Suppliers to easily track materials in transit as well as in receiving inspection.

The illustrations below provide a brief description of how the PO Movement extension works.

Receiving Inspection

Inventory Transfer

Customer: [] Name: [] Ship to: [] Contact Person: []

Number: [] Series: [] Posting Date: [] Document Date: [] From Warehouse: []

#	Item No.	Item Description	To Ware...	Quantity	Item Cost	Reschedule Date
1						
2						

Price List: Basic Sales Price List
